The regular monthly meeting of the
Red Cross will be held Wednesday even-
ing, April 2, at 7:30, at the Red Cross
headquarters. Evelyn M. Drew, secre-
tary.

W. L. Bower of New York was among
the business visitors in this city yester-
day. D. F. Cusick of the same city was
also among the business visitors here
yesterday.

H. G. Tompkins of Boston arrived in
this city yesterday afternoon to spend a
few days on business. Ralph G. Friend
and F. E. Guild of the same city have
been passing several days here on busi-
ness.

People who left Montpelier on the
7:20 trolley car this morning did not
arrive in this city until 10:30. They
were compelled to change to the Central
Vermont passenger train near Dodge's
crossing, which was also an hour late.

Miss Catherine Phelps began work this
morning at the Daylight store as cashier,
succeeding Miss Lyndora Gould, who
completed her duties Saturday. Miss
Phelps for the past six months has been
employed as bookkeeper at the Adair
Coal company in Burlington.

There was a slight wash-out to-day
near the railroad bridge in the Barre
yards of the Central Vermont, but it did
not inconvenience the traffic of the road,
as the hole was filled sufficiently to al-
low the trains to pass over it.

The second ladies' night of St. Ade-
mar commandery, No. 11, K. T., was
held last evening at the Masonic drill
hall and reception room in the Blanch-
ard building. The evening was taken
up entirely by dancing, music for which
was furnished by the Landi orchestra.
Light refreshments were served during
the course of the evening.

A heavy rainstorm which continued all
night put a touch of the north wind
forenoon and was promptly transformed
into one of the most driving blizzards of
the whole winter, the ground being soon
covered with snow. The coming of the
snow and the cooler weather cheered the
sugarmakers, who looked for a new lease
of life following the temporary
return of winter.

The ice supply for the coming season
does not have a very pleasant outlook.
A little more than half of the usual crop
was harvested this winter, the weather
being too mild for the ponds and rivers
to freeze to any great depth and only
furnishing a short time when they were
frozen at all. This may result in in-
creased prices for the frozen article. It
is said that the price will be about 60 cents
per hundred.

A letter received to-day from Private
Ralph A. Lawless, whose father, Erwin
Lawless, died Wednesday night at his
home on Kirk street, stated that the
young man expected to sail to-day,
March 28, for home. It has not been
possible to inform him of his father's
death, and the young man will probably
not know of the sad news until his ar-
rival at an American port. Private Law-
less has been in the service for 19 months,
being a member of the 102d infantry,
28th division.

Paul Miles, the 12-year-old son of Ar-
thur Miles of South Main street, re-
ceived a bad cut across the knee cap
when he fell upon a piece of glass while
playing in the vicinity of Mathewson
graded school just before the morning
session of school began yesterday. A
doctor was immediately summoned, who
found it necessary to take three stitches
to close the wound. Dr. Chandler then
carried the young lad to his home in a
team. The boy will probably be confined
to the house some time because of the
location of the wound.

Probably those who witness the bas-
ketball game to-night in the Spaulding
gymnasium between Winoski high and
Spaulding will declare it the fastest
game of the season, which it is very like-
ly to prove. Last Friday night these two
teams met on the Fort Ethan Allen floor.
Spaulding was defeated by three points,
the score being 29-28. The Winoski
team has not met defeat this season and
the Spaulding boys are very apt to spoil
this clean sheet of victories.

MONTPELIER

George Bruno's House Was Raided and
Liquor Was Found.

The house of George Bruno on Sibley
avenue was raided Thursday afternoon
by the police department upon the war-
rant of Grand Juror John H. Stone and
some liquor was found, that is, part of
a barrel of wine and a couple cases of
ale, which were seized. Mr. and Mrs.
Bruno were both arrested and brought
before Justice of Peace George O. Strat-
ton, where they pleaded not guilty, and
each of them furnished bail amounting
to \$300. It is claimed that liquor has
been sold at this house to schoolboys.

Mrs. L. A. Kelly has received notice
that Arthur S. Huse, her brother, has
landed in New York City and will prob-
ably come to Camp Devens for discharge
from service. He went to Camp Devens
May 25, 1918, with the large contingent
from this county, and in the first days
of July was on his way to France. He
was transferred from a regiment in the
70th division to a regular army regi-
ment in the 1st division, with which he
saw service and was gassed, which kept
him in the hospital for some weeks. He
rejoined his regiment since it has come
to the army of occupation and was then
ordered home. Private Huse will receive
a shock upon reaching home, for since
he last heard from his family Mr. and
Mrs. Ernest Houston, his sister and
brother-in-law, have died of influenza.

George Anderson, who has been em-
ployed for some time by the National
Life Insurance company, is to complete
his work there soon and will be em-
ployed by the Boutwell, Milne & Varnum
company. J. E. H. Sibson, who is also
going to leave that same office, will go
to Ohio, where he has a position.

Lynn Hill, who has been in the army,
returned home last evening, discharged
from service.

General H. T. Johnson returned Thurs-
day from New York City, where he at-
tended the review of the 27th division,
which paraded the streets of that city.
General Johnson says it was a grand
sight.

Sergt. John Garriety of Brattleboro
has been visiting with Senator Sanford
Daniels this week. Sergt. Garriety was
a member of Co. C, 1st Vermont regi-
ment and then Co. I, and was then trans-
ferred to Co. D, 102d machine gun com-
pany, where he saw service in France.
He wears three gold stripes as showing
that service. He was promoted to ser-
geant while away. Although he escaped
wounds, he was gassed.

F. H. Parsons of Northfield was a local
visitor yesterday.

Frank Tuttle went to his home in Rut-
land last evening after a visit at the
State House.

A change in the train schedule is to
take place on the Central Vermont rail-
way May 4, and among the changes in
service, as it is understood now, will be
that the mail train now due here at 3:22
o'clock will get to Montpelier about 7
o'clock in the evening, while the New
England States Limited, which now ar-
rives at 4:32 o'clock, will arrive about
the time the mail has been arriving.

The New England States Limited will
run Sunday on the new schedule on
about the same time that it did before
being removed from the schedule. The
southbound evening mail train, now ar-
riving about 6:15 o'clock, will arrive
about 30 minutes later, it is understood.

There are to be changes on the Boston &
Maine and it is understood some to
match those on the Montpelier & Wells
River railroad, but these are not yet
known.

ite lodge, No. 35, F. and A. M.,
